FP13/6707
Ewe-Tubes
designed by Laura Bryant

Tubes may either be worked flat in stockinette st and then seamed into a tube, or knit in the round using the magic loop method.

Calypso Ewe-Tube:

2 skeins Calypso
Needles size 15 or size to get gauge

Gauge: in stockinette, 10 sts & 11 rows = 4"

Using provisional cast-on, CO 20 sts. Work stockinette either circularly or flat. Release provisional cast on and kitchener stitch with top and bottom sts tog. Seam long seam if necessary.

Kid Slique or Indulgence:

3 skeins
Needles size 10 ½ or size to get gauge

Gauge: in stockinette, 15 sts & 15 rows = 4"

Work as for Calypso Tube on 30 sts.

Long tubes of stockinette twist & turn around your neck, showing off texture and color to best advantage. This is truly a time to allow the yarn to shine and just enjoy knitting.

You can either knit them circularly, or back and forth then seam. Depends on what you like to do!

**Pattern for personal use only.
Not to be copied or sold in any form.**
