

FP2 Galaxy Boa

Designed by Laura Bryant

Size: 1 (2) approx 2" x 54" (2" x 80")

Materials:

2 (3) skeins Prism Galaxy
95% nylon, 5% metallic polyester; 2 oz, 54 yds
needles size 13

Note about joining Galaxy:

To maintain the beauty of this wide ribbon, join strands only in a stitch, not on a loop. To join invisibly, lay the new end about 1" over the old end so the strand is continuous and then sew with sewing thread through both layers, back and forth several times. Knit as if it were one strand.

Loop Stitch:

Knit first stitch, but leave stitch on left needle. Bring yarn to front of work between needles, wrapping yarn around thumb of left hand; pull loop to approx 2 1/2" (loops need not be precisely the same), then bring yarn to back of work. Knit stitch on left hand needle again, drop loop and remove stitches to right hand needle. Now, lift first stitch on right hand needle over second stitch—locking loop in place. Work a loop stitch in every stitch.

Boa: CO 4 sts. Work loop stitch on every row to end of yarn. BO on last row.

Pattern for personal use only.
Not to be copied or sold in any form.
